

Enterprise Gateway for Medium & Large Business

OVERVIEW

The NODEXON NX-WC400C is a commercial Gigabit gateway built to handle multiple network connections with ease. It is designed for businesses that require consistent internet access, efficient bandwidth usage, and smooth data transmission across their network.

Its multi-WAN ports, intelligent load balancing, VPN capabilities, and advanced routing functions offer flexible network control and help maintain reliable connectivity across different applications.

FEATURES & BENEFITS

- › Enterprise gateway with built-in routing & AC controller (CAPWAP-based)
- › Manages 400APs (400-device capacity)
- › Cloud-ready authentication gateway (supports SMS/user auth)
- › 1 × 2.5Gbps port + 4 × 1GbE ports + 1 × USB port + 1 × Console port
- › Supports multi-WAN configuration, link aggregation, load balancing, intelligent traffic control, online behavior management, VPN, and remote access control management

HARDWARE SPECIFICATIONS

MODEL	NX-WC400C
Product type	1U standard rack
Serial port	1 Console serial port, RJ45 interface
USB	1 x USB3.0 port
Interface	1 x 2.5GbE RJ45 port 4 x 2.5GbE RJ45 ports(3 ports can be switched to WAN)
Network Indicator light	The RJ-45 interface Tab notch is on the top, with built-in network indicator light WAN port (left orange, right green): Lights up orange when negotiating 2.5G, lights up green when negotiating 100/1000M LAN port (single green light on the right): lights up green when there is a data connection, and flashes green when there is network communication
Indicator Lights	1 x hard disk indicator, 1x power indicator
Power	Built-in open-frame power supply
Power Interface	1 x AC power interface, with a pin
Dimension	440mm x 219mm x 44.0mm (L x W x H)
Chassis Fixing Buckle	1U rack fixing ears
Working Enviroment	Working temperature: -10°C to 50°C Storage temperature: -20°C to 70°C Humidity: 5% to 95% (no condensation)

ORDER INFORMATION

PART NUMBER	DESCRIPTION
NX-WC400C	NODEXON Enterprise Gateway for Medium & Large Business

Note:

**Unless TAA compliance is explicitly requested and confirmed per line item prior to order processing, standard commercial (non-TAA) equivalents or general inventory items may be supplied.*
